IDENTIFIERS	Basic Education; *Egypt; Population Density; Population Projections

ABSTRACT

This statistical volume provides the basis for the review in Volume I of the Education Sector Review (Egypt). Table 1 contains data on population, labor force, and macroeconomic framework 1990-2000, while table 2 contains social indicators 1990-2000, and table 3 contains population projection for various age groups. Tables 4-7 contain data on pre-primary education. Tables 8-49 contain data on basic and secondary education. Tables 50-98 contain data on higher education. Tables 99-107 contain data on public higher education. Tables 108-110 contain data on private middle schools. Tables 111-125 contain data on private higher education. (BT)

WEI	World Education Indicators

ACKNOWLEDGMENTS

This statistical volume provides the basis for the review in Volume 1 of the Education Sector Review: Progress and Priorities for the Future. The core team responsible for the preparation of the review comprised Mae Chu Chang (Lead General Educator, Task Team Leader); Arun R. Joshi (Senior Education Specialist); Donald Winkler and Satoko Yano (Consultants). Under the supervision of Mae Chu Chang, this statistical volume was prepared by Satoko Yano, supported by Harumi Tsukahara based on prior work of Iqbal Kaur who collected and processed the data over a four year period and Adela Garcia who processed the updates. This volume was made possible by contribution of data and statistical analysis from Dr. Mohammed Ragheb, Head of Monitoring and Evaluation, Program Planning and Monitoring Unit of the Ministry of Education.
